## I'm a Little Orange Tree

See the little orange tree  
Near the gate.  
Next to the orange tree, sits the crate.  
When it's time for picking,  
It gives a cough—  
And all its oranges do fall off! (Cough! Cough!)

See the little lemon tree  
Near the gate.  
Next to the lemon tree, sits the crate.  
When it's time for picking,  
It gives a cough—  
And all the lemons do fall off! (Cough! Cough!)

*For a new verse, substitute orange with lime.  
Change the verse slightly for lemons and grapefruit.*
